

MAGniflex

D/E25060

The MAGniflex is ideal for all types of detailed work. The daylight™ LEDs provide high contrast and accurate colour matching, making it easier and less tiring to read, work and see detail clearly. LEDs use very little energy.

Semi-rimless lens and bright LEDs

The large, semi-rimless 3D (1.75X) lens allows uninterrupted viewing of close up work. Bright LEDs are ideal for colour matching.

Flexible Arm

Adjustable arm allows you to direct the light where you need it most. Lighting up and magnifying your working area.

Clamp lock system

The clamp lock system stays firmly in place and can be clamped on to a table, trolley or bed.
